### Presentation

The Travel Club is not your regular travel agency. It's a club that encompasses booking hotel rooms and flight seats. The Travel Club takes on your special requests and turns them into everlasting memories.

The Travel Club enhances your travel experience, through providing you with personalized (customized / tailor-made) leisure, corporate & group travels, as well as planning local & overseas corporate events, weddings and honeymoons.

We specialize in arranging trips to Lebanon and organizing tours throughout the country customized to fit your interests. Guided by experienced professionals, you will enjoy the perfect balance of group activities and leisure time to explore on your own. Our Guides not only will give you the best guidance on all the popular touristic and cultural sites, but they'll also keep you in the loop on the local hot spots and be sure you see the trendiest spots in the country.

Lebanon is a country with a long and rich history. Roman ruins are scattered about the country and are easily accessible. Byblos, Beirut, and Sidon are among the oldest continuously populated cities in the world. There are Roman baths in Beirut, as well as the Cardio Maximus - to name a few. Byblos is also rich in Roman ruins and for a small fee you can view them (they are located near the bazaar). There are a lot of ancient mosques, synagogues, and churches in Lebanon. Also be sure to visit the Place des Martyrs (Martyrs' Square) in Beirut, a statue erected in memory of the Lebanese nationalists who were hanged by the Ottomans for revolting during World War 1 (the statue is now riddled with bullet holes from the civil war, but is still beautiful).

The Corporate Travel is an exclusive luxury service by The Travel Club. It entails frequent business travelers to join The Travel Club Corporate Program for tailored travel packages, optimized to fit each traveler's personal preferences.

A photograph of a grand, ornate dining room in a hotel. The room is filled with numerous round tables, each covered with a crisp white tablecloth and elegantly set with white plates, silverware, and glassware. The tables are arranged in a circular pattern, creating a sense of symmetry and grandeur. In the center of the room, a large, multi-tiered chandelier with many glowing lights hangs from the ceiling, casting a warm, golden glow. The ceiling itself is a masterpiece of architectural detail, featuring concentric circular recessed sections and recessed lighting. The walls are decorated with dark wood paneling and large, arched mirrors that reflect the room's opulence. In the background, large windows are framed by heavy black curtains, with a soft blue light visible behind them. Several tall, slender floral arrangements in clear glass vases are placed around the room, adding to the sophisticated decor. The overall atmosphere is one of luxury and high-end hospitality.
